Switch to Meralco saves the day for rock crusher, other SMEs

Lack of clear policy on mining curbs entry of investors

Huge gains from cost-efficient, hassle-free Meralco option

By Ben C. Abalos

Rock crushers and other small and medium enterprises (SMEs) in the mining industry have found a way to secure power supply through a cost-efficient and hassle-free option offered by Meralco. The group, which includes the Philippine Mining Association (PMA), has secured a power purchase agreement (PPA) with Meralco for a period of 10 years, starting from 2012. This move is expected to attract more foreign direct investment (FDI) in the mining sector, which has seen a significant decline in recent years.

Gov't rejects all bids for 91-day T-bills

By Ben C. Abalos

The Department of Finance (DOF) has rejected all bids for 91-day Treasury bills (T-bills) issued by the government. This move is part of the government's strategy to manage its debt portfolio and maintain a stable credit rating. The DOF has stated that the bids received were not in line with the government's objectives for the T-bill auction.
